EXPERIENCE

Times Of Computer
Web Designing

Jan 2024 - June 2024

- Designed and implemented functional and visually appealing websites for various projects, demonstrating proficiency in front-end development and user experience (UX) design.
- Applied knowledge of web standards, accessibility, and SEO best practices to ensure websites are optimized for performance and user engagement.
- Successfully completed projects both individually and as part of a team, showcasing strong problem-solving skills and the ability to adapt to different design requirements and feedback.

ACHIEVEMENTS

Completed Comprehensive Web Designing Course

Acquired expertise in HTML, CSS, JavaScript, and responsive design techniques through a rigorous 6-month training program.

Proficient in Modern Design Tools

Gained hands-on experience with popular design tools such as Adobe XD and Figma, enhancing the ability to create and prototype interactive web interfaces.

PROJECTS

- 1) Restaurant web application.
- 2) Jewellery Collection Web.
- 3) Car Collection Website.
